USE OF GOVERNMENT TELEPHONES

Telephones are provided for conducting official business and should not be used for personal calls. Calls concerning urgent personal business which cannot be conducted after working hours may be made. Keep the call as brief as possible. Please ask friends and relatives to limit calls to emergencies.

DIALING INSTRUCTIONS

In-house calls are dialed using just the 7 digit number.

The following dialing instructions are for placing "out-of-house" calls:

Emergency & Non-Emergency Assisted Calls:

- a. Emergency Calls dial 9 + 911
- b. Local Commercial Operator dial 9 + 0
- c. Local Directory Assistance dial 9 + 411

Local Calls Within Area Code

..... dial 9 + 7 digits

Local Calls Outside Area Code

..... dial 9 + area code + 7 digits

Long Distance Calls:

- a. Official Business
..... dial 9 + 1 + area code + 7 digits
- b. "800" Calls
..... dial 9 + 1 + 800 + 7 digits
- c. Personal Calling Card
..... dial 9 + 1 + Total Calling Card Code

International Calls:

International calls must be placed from a telephone line with International Dialing Feature capabilities. (Some DOI telephones do not have this feature. Check with your Telecommunications Administrative Contact before attempting International calls.)

- a. Calls to Canada
..... dial 9 + 1 + area code + 7 digits
- b. Calls to Caribbean Countries
..... dial 9 + 1 + 809 + 7 digits
- c. Calls to Africa, Asia, Australia, Europe,
or South America
..... dial 9 + 1 + 011 + International #
- d. International Operator dial 9 + 00

REPORTING OF TELECOMMUNICATIONS TROUBLES

Telecommunications problems with telephones, fax machines, telephone lines, dialing difficulties, network connections, etc. should first be reported to the Telecommunications Administrative Contact for your office. If the situation is an emergency and needs immediate attention, call Telecommunications Services Office (TSO), Interior Service Center on 202-208-3412.

TELECONFERENCE SERVICES

The Telecommunications Services Office (TSO), Interior Service Center operates a teleconference bridge used to accommodate teleconferences requiring more than three locations. Your personal telephone can accommodate teleconferences requiring less than 4 locations. TSO also installs portable teleconferencing units used to amplify teleconferences held in conference rooms.

Reservations should be made as far in advance as possible. To request reservations for the teleconference bridge and/or installation of the portable teleconferencing unit call TSO on 202-208-7225 with the following information:

- a. Name of the originator
- b. Bureau or office
- c. Billing account code
- d. Date and time of the conference
- e. Number of locations on the conference
(system capacity is 27 locations, including originator)
- f. Room number where the portable teleconferencing unit should be installed

The cost for using the teleconference bridge is calculated according to the number of locations and length of time of the conference. The cost of installing the portable unit is a flat fee per installation. The account code, given when the services are ordered, will be billed by TSO on a monthly basis.

- ▲ Notify TSO immediately of any changes or problems with your teleconference on 202-208-7225.
- ▲ Teleconferences may also be scheduled through FTS2000 which is a Government long distance service carrier. This class of service requires the user to have a touch-tone telephone and an FTS2000 authorization code (AT&T Federal Calling Card). Dial 9-1-700-288-2000 to reach an FTS2000 Service Representative, and have your authorization code ready.

LOCAL RELAY SYSTEMS

Relay calls made across state boundaries (i.e. District of Columbia to Maryland) are permitted, provided the relay is a direct call from one state to another. For example, if you dialed the Maryland relay from a District phone to make a call to a Virginia number, your request may be refused.

Local Relay Systems Numbers:

| | |
|---------------------------------|----------------|
| DELAWARE (DE) | 1-800-232-5460 |
| Voice | 1-800-232-5470 |

| WEST VIRGINIA (WV) | 1-800-545-2245 |

It is important that DOI employees follow proven mailing practices to ensure all mail sent to and from the Department reach its destination without delay. Among these important practices are:

- ▶ Reduce use of flats (envelopes larger than 6 1/8" x 9 1/2"). Save postage by folding up to 5 sheets of paper in letter size envelopes.
- ▶ Reduce costs by printing on both sides of paper.
- ▶ Save by consolidating items for one address into a single envelope.
- ▶ Update mailing lists continuously!
- ▶ Single space the address, using capital letters without punctuation.

- ▶ Use ZIP +4, when known. **(Always use 5 digit ZIP Code.)**
- ▶ Outbound mail address will be machine printed or typed.
- ▶ For international mail, place the country name on the last line of the address in all CAPS.

Include a complete return address on all outgoing correspondence.

Notify your correspondents and the Mail Room of changes in DOI addresses and personnel.

Have a mailing question? Call the National Business Center/ Mail Room on 202-208-7050

PREPARING OUTSIDE CORRESPONDENCE

Use the right size envelopes and endorse all large, bulky pieces with the class of mail service desired. Generally five pieces of paper will fit into a letter-size envelope (4 1/4" x 9 1/2").

To expedite delivery make sure that your outgoing mail contains the following:

- (1) The complete return address of the originator (Name & Mailstop Number/ Location Code). This information will eliminate timeconsuming processing of returned DOI-originated mail.

- (2) The full address of the addressee, including the ZIP Code. (No more than 5 lines brief but concise, assures expedited delivery.) *Use capital letters, machine printed or typed without punctuation.*

For example:

- ▶ Name of Individual or Organization
- ▶ Organization Element (if necessary)
- ▶ Street Address or P.O. Box Number
- ▶ City, State and ZIP Code
